

**CALL FOR NOMINATIONS:
Jeffery P. La Fage Student Award for Applied Research on Social Insects
Due October 31, 2016**

Purpose: To recognize a graduate student for distinguished research and scholarly activity on social insects with an emphasis on applied projects. This annual award was established in memory of Dr. Jeffery Paul La Fage (1945-1989), a Professor of Entomology at Louisiana State University in Baton Rouge. Dr. La Fage studied the biology and control of the invasive subterranean termite *Coptotermes formosanus*.

Nature: The award shall consist of a plaque and a \$500 honorarium. The award winner will be announced by November 30, 2016. Information on previous awardees can be found on the IUSSI-NAS website.

Eligibility: The award will be given annually to the Ph.D. student who, in the opinion of the award committee, shows the most distinguished record of research and scholarly activity on social insects with an applied emphasis. Work addressing control of social insect pests, or fostering beneficial social insects is appropriate, but the research must be aimed at solving an applied problem. Any Ph.D. student member of IUSSI-NAS or ESA may be nominated so long as they have not have received a Ph.D. or terminated studies earlier than 12 months prior to the award. Previous award recipients are not eligible for a second award.

Nominations: Nominations may be made by the student or by others familiar with the student's contributions. Each nomination must include a single PDF with the following materials: (1) Name and curriculum vitae of the nominee. (2) Title and brief description of their research and its significance (not to exceed one page, 12 pt. font, 1-in margins). (3) Reprints of no more than *three* publications or submitted manuscripts. Two letters of recommendation should be sent separately as PDFs on university or company letterhead. All documents must be sent to Stephen Pratt, (stephen.pratt@asu.edu), Chair of the IUSSI-NAS Awards Committee. To receive full consideration, complete applications must be received by October 31, 2016.
